## Horrible Tragedy.

The New York papers bring us the sickening details of another tragedy, almost unprecedented in the annals of crime which occurred in that city on Tuesday eve'ng, the 26th ult. Francis A. Gouldy, aged 19, son of a respectable and wealthy lumber merchant, came home late, on the evening aforesaid, and was let into the house by his father. The father reprimanded the boy for some misdemeanor He said nothing, but went to his room, divested himself of his boots, watch and surplus clothing, took a batchet which was secreted in the room, returned down stairs and attacked his father, cutting a fearful gash on his head, fracturing his skull and leaving him insensible. The parriaids then proceeded to the bedroom, where his mother was, and attacked her in the same manner, felling her to the floor. His two brothers, aged respectively 9 and 13 years, were the next victims; and last of all, two servant girls belonging to the house. The wretch then went to his own room and blow out his brain, with a pistol. None of the wounded have yet flied, but it is feared some of them will not recover.
